¹After completing the application and your loan is approved, you can receive your funds in as fast as 7 business days. Most loans only take a couple of weeks from application completion to funding. SBA 7(a) loans above \$150,000 and SBA 7(a) commercial real estate loans up to \$5 million typically take a bit longer, from 4-6 weeks. Funding times may take longer, or be subject to delays, due to factors outside of the Bank's control.
²For discussion and general informational purposes only. All financing is subject to credit approval and determination of SBA eligibility by SmartBiz Bank. Additional collateral may be required.
³Subject to credit approval. Your loan amount will be determined based on many factors, including your credit and financial profile. Not all applicants will qualify for the full amount.
⁴Interest rate depends on loan term, business borrower credit score, and financial profile. Loans offered by SmartBiz Bank, and through banks in the SmartBiz network, have a variable interest rate based on Prime and are subject to change.
⁵We conduct a soft credit pull that will not affect your credit score. However, in processing your loan application, SmartBiz Bank and the lenders with whom we work will request your full credit report from one or more consumer reporting agencies, which is considered a hard credit pull and may impact your credit score.
